

CREATE YOUR OWN FUTURE

Devon Fiddler, SheNative

Take control of your career and unleash your entrepreneurial spirit by launching your own business.

At Futurpreneur Canada, we support Indigenous entrepreneurs aged 18-39, working with them to turn great ideas into successful main street businesses that contribute to the vitality of communities across Canada.

We're the only national non-profit organization that provides **financing, mentoring** and **resources** to young entrepreneurs, helping them build a successful future while driving Canada's inclusive economic prosperity.

Diversity and inclusion are cornerstones of Futurpreneur's mission. We're committed to removing barriers to entrepreneurship by improving access to our programs and services for a diverse range of aspiring business owners across all provinces and territories.

business, on average

Supported more than
11,000
Canadian businesses

More than
3,000
skilled volunteer mentors

46%
of businesses projected to be
majority-owned by women †

MORE THAN FINANCING

We know what it takes to make a business thrive. When you work with Futurpreneur, our Entrepreneurs-in-Residence offer pre-launch coaching, helping you develop and refine your business plan. Once you launch your business, our team matches you with one of our 3,000 volunteer mentors – an expert advisor who will offer up to two years of advice tailored to your business.

Securing financial backing is one of the biggest challenges young entrepreneurs face. That's why Futurpreneur offers start-up financing of up to \$60,000 in partnership with the Business Development Bank of Canada.

PARTNERING FOR CHANGE

We partner with organizations across Canada, from corporations to governments of all levels to local organizations. These partners provide the funding and support we need to reach more entrepreneurs with our programs, and they also ensure more young people are prepared for entrepreneurship with their own programs.

We are also part of an international community of organizations educating young people about entrepreneurship, sharing best practices and influencing leaders around the world to help strengthen the global entrepreneurial ecosystem.

Support Canada's inclusive economic prosperity through entrepreneurship.
